## **BACKGROUND, OBJECTIVES, SCOPE AND METHODOLOGY**

Harford County adopted a Hotel Occupancy Tax, via Bill 14-035, for the purpose of expanding its tourism and tourism related activities. The legislation requires hotel operators within the County to collect a 6% tax from all occupants. All hotels within the County are required to register with the County Treasurer and remit the collected occupancy tax monthly. The audit approach focused on testing the key controls that address management's objectives. Our audit procedures included interviewing personnel, observation and testing as described in the table below.

<b>Process / Control Objective</b>	<b>Scope of Review</b>
<b>Revenue Reporting</b>	
Monthly and Daily Reports occupancy reports agree to the revenue reported	<ul style="list-style-type: none"><li>Reviewed a sample of monthly payments to confirm the total revenue reported was supported by the daily occupancy reports</li><li>Agreed reported amounts to the taxes that were remitted to the County</li></ul>
Non-financial records support the revenue reported	<ul style="list-style-type: none"><li>For a sample of dates, confirmed the daily occupancy reports were supported by Housekeeping and other records</li></ul>
<b>Tax Payments</b>	
Tax payments are sent to the County on time and completely.	<ul style="list-style-type: none"><li>Recalculated a sample of payments based on reported revenue</li><li>Recalculate late fees, if applicable</li></ul>

The hotel operator's management is responsible for establishing and maintaining effective internal controls. Internal control is a process designed to provide reasonable assurance that objectives pertaining to the reliability of financial records, effectiveness and efficiency of operations including safeguarding of assets and compliance with applicable laws, rules and regulations are achieved. Because of inherent limitations in internal control, errors or fraud may nevertheless occur and not be detected.

The audit was performed in accordance with Generally Accepted Government Auditing Standards (GAGAS). Those standards require that we plan and perform the audit to obtain sufficient evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.
