Harford County Executive Glassman to Lift Local State of Emergency July 1

BEL AIR, Md., (June 15, 2021) - Harford County Executive Barry Glassman announced today he will sign an executive order, effective July 1, lifting the local state of emergency due to COVID-19. The county executive's action will be in accordance with Gov. Hogan's announcement lifting the state of emergency in Maryland.

"We continue to encourage everyone to be safe and get vaccinated," County Executive Glassman said. "But Harford's metrics have trended down along with the state averages, and we are eager to move beyond the state of emergency to brighter days ahead."

Harford County government continued to operate through the state of emergency with certain modifications to protect the public and county employees.

Questions about changes to government operations after the state of emergency is lifted should be directed to the respective county departments. Contact information is on the county website at www.harfordcountymd.gov.
