Harford County Code§ 105-22. Term of license/registration; renewals. (In compliance with Maryland Electrician Act of 2021, SB 762)

- A. All limited, restricted, and limited journeyperson electrician registrations issued pursuant to this article shall expire on October 31 of each odd-numbered year. Applicants for registrations and renewals shall pay to the County a fee for a master, limited, restricted, OR limited journeyperson electrician's registration as provided for by the County Fee Schedule.
- B. (1) After November 1 of the year in which the limited, restricted, or limited journeyperson electrician's registration expires, a person, firm, or corporation shall not engage or hold themselves out as a limited, restricted, or limited journeyperson unless the registration has been renewed or restored. If application for the restoration is made within 90 days after October 31, a registration which expires because of failure to renew prior to November 1 shall be restored only on the payment of the renewal fee and the restoration fee. If the application for restoration is not made within the ninety-day period after expiration, a renewal for a limited, restricted, or limited journeyperson electrician's license may not be issued, and the Board may require compliance by examination before reissuance as if the applicant had never been licensed.
